36,000 SQ.FT. OF WHEEL MANUFACTURING HEAVEN.

DESIGNED, ENGINEERED, MANUFACTURED & FINISHED IN-HOUSE IN THE U.S.A.

WE TAKE OUR MACHINING SERIOUSLY. WITH OVER 25 CNC CONTROLLED MACHINING CENTERS RUNNING ALL DAY AND ALL NIGHT, WE HAVE THE EQUIPMENT, THE ENGINEERING KNOW-HOW, AND THE WORKFORCE TO HANDLE ANY WHEEL YOU CAN DREAM UP. FROM CONCEPT TO CUTTING, WE ARE PROUD TO OFFER THE WIDEST VARIETY OF FORGING STYLES AND THE INDUSTRY'S SHORTEST LEAD TIMES FOR CUSTOM FORGED WHEELS. WE NEVER SLEEP.

FINISHING. DONE YOUR WAY. ALL DAY, EVERYDAY.

IN 2015, WE INVESTED HEAVILY IN THE ABILITY TO OFFER COMPLETE, ONE-STOP, IN-HOUSE FINISHING. WE DESIGNED AND CONSTRUCTED A STATE-OF-THE-ART POWDERCOAT AND PAINT FACILITY. USING CUTTING-EDGE TECHNOLOGY AND PROGRAMMABLE AUTOMATION, WE CAN OFFER CUSTOM FINISHES ON ANY WHEEL AND DELIVERY TIMES THAT WILL MAKE YOU WONDER IF WE DONT JUST STOCK EVERY COLOR AND FINISH UNDER THE SUN.

UPDATED VIDEO CONTENT.

CHECK OUT OUR WHEEL SPECIFIC INSTAGRAM PAGES FOR UP CLOSE SPIN VIDEOS OF ALL OF OUR LATEST WHEELS AND FINISHES FOR EACH BRAND WITH MORE BRANDS BEING ADDED.

ALL OUR FORGED WHEELS ARE AVAILABLE IN ANY FINISH YOU DESIRE. STANDARD FINISHES ARE A NO COST OPTION AND CAN BE APPLIED TO THE WHEEL CENTER, OUTER LIP, AND CENTER CAP IN ANY COMBINATION TO CREATE YOUR OWN SIGNATURE LOOK. SPECIALTY FINISHES ARE AVAILABLE AS WELL FOR AN ADDITIONAL COST AND INCLUDE AMAZING COMBINATIONS OF TRANSPARENT AND CANDY COLORS METICULOUSLY APPLIED OVER POLISHING OR BRUSHING. YOU CAN ALSO CHOOSE GLOSS, SATIN, OR MATTE CLEAR COATINGS FOR THE ULTIMATE IN CUSTOMIZATION. ADDITIONAL FINISHES NOT SHOWN ARE AVAILABLE, IF YOU CAN DREAM IT - WE CAN MAKE IT HAPPEN. PLEASE CONSULT YOUR AUTHORIZED DEALER WITH ANY QUESTIONS.

TRUE BEADLOCKS FOR ANY TRAIL OR TERRAIN.

Built for the toughest conditions on the planet, our Fuel beadlock wheels are designed to meet the demands of hardcore wheelers and desert racers. Several options are available to you; the cast Anza, Forged Trophy and cast Zephyr. Three different styles with unique features on each. The Anza features a cast center and ring, the Trophy is a fully forged center with a machined ring and the Zephyr features a cast center with forged beadlock ring.

Available as raw machined or finished (like all our other wheels) we offer the option for custom finishing via our in house paint and powdercoat shops. With the ability to fully customize your wheels we let you stay in the drivers seat, just like on the trail.

2 FOR THE ROAD.

Have your cake and eat it too with our 2-piece cast wheels. Our Fuel Off-Road 2-piece cast wheel offers the big dollar looks of a multi-piece forged wheel at a much lower price point. Additionally the modular construction gives us the flexibility to custom finish the center and outer lip independently for a true custom look. Choices include liquid paint, powder coating or chrome center with a contrasting finish on the lip. Sometimes two really is better than one.

The background is a dark, grainy, black and white photograph of an industrial setting, possibly a factory or workshop. The lighting is dramatic, with some highlights on metallic surfaces and deep shadows elsewhere. The overall mood is gritty and industrial.

ALL CUSTOM.

STANDARD CLASSIC FLAT PROFILE OR THE NEW CONCAVE AND STEP LIP PROFILES.

Fuel Forged is proud to offer new custom selections on all FF monoblock wheels. Starting with our standard flat, concave profile, or step-lip design, we will design and cut any of our wheel styles in either forging. Additionally, we offer ten different options for your lip detailing. But wait, theres more! We also custom finish any wheel via our state-of-the-art automated paint and powdercoat line.

Choose any of the following ten options when building a forged wheel.

Fuel Forged wheels are machined from 6061 T-6 forged aluminum monoblock blanks. Each order is custom made to your truck or SUV's specifications. All Fuel Forged wheels are available with or without machined Lip dimples. Standard finish for all forged wheels is black & milled -or- polished. Custom finishing is also available.

Three different base cap options (some caps not available for certain wheel designs. Contact your sales rep for availability). Snap-in plastic, bolt-on plastic, and bolt-on forged aluminum (shown custom painted). Custom color matching and finishing available for center caps.

What's a custom wheel without even more options? Fuel Off-Road Forged wheels deliver you limitless color and finish options, choices of numerous lip detail designs and a range of center caps including our customizable billet cap for multiple lug patterns. Here's a sampling of our more popular finishes, the possibilities are endless.

ROLLING LARGE.

Fuel Forged wheels are machined from 6061 T-6 aluminum alloy monoblock forgings and come in 20 through 30 diameters. Yes, that's the largest lifted truck forging on the market today. Each order is custom made to your vehicle's specifications. Standard finished is full polish or black with milled details. Specialty finishes done in house range from custom powdercoat colors, two tone and multi-color, and even paint matched to your vehicles color code. Fuel Forged has you covered.

HEAVY LIFTERS.

The Fuel Dually line starts with our exclusive forgings and then we custom machine your wheels to offer a perfect and direct bolt-on wheel tailored to your specific vehicle. You'll no longer need to run adaptors or spacers on your tow vehicle, just mount up some Fuel Off-Road wheels and go. We offer both 1 and 2-piece cast as well as custom forged applications with fitments for street, lifted, and extreme trucks running traditional or super single fronts. As with all of our wheels we offer custom finishing, from polished to liquid paint and powder coat, its all done here under one roof.

Backspace options give you the ability to customize your stock or modified dually truck. We offer three different specs to play with: 2.5", 3.5", or 4.5" spacing, each for a specific look and style.

STREET: 2.5" spacing for street and A/T tires as wide as 275mm

LIFTED : 3.5" spacing for street and A/T Tires 285 325mm wide and 12.50 wide M/T tires..

EXTREME: 4.5" spacing for 13.50 wide or wider M/T Tires.

STREET VS. EXTREME FITMENT DIFFERENCES

FORGED DUALLY.

Want that deep lip wheel on the front end of your dually? A growing trend in the dually aftermarket has been the replacing of the convex front wheel that comes standard on all duallies with wheels that have a deep lip. A simple front end modification allows you to fit any one of our Fuel Forged designs in our standard deep lip forgings. This look can also be done with our cast designs such as the Maverick, Cleaver, and Triton.

GET A

GRIP.

**THE GRIPPER
LINE OF TIRES.**

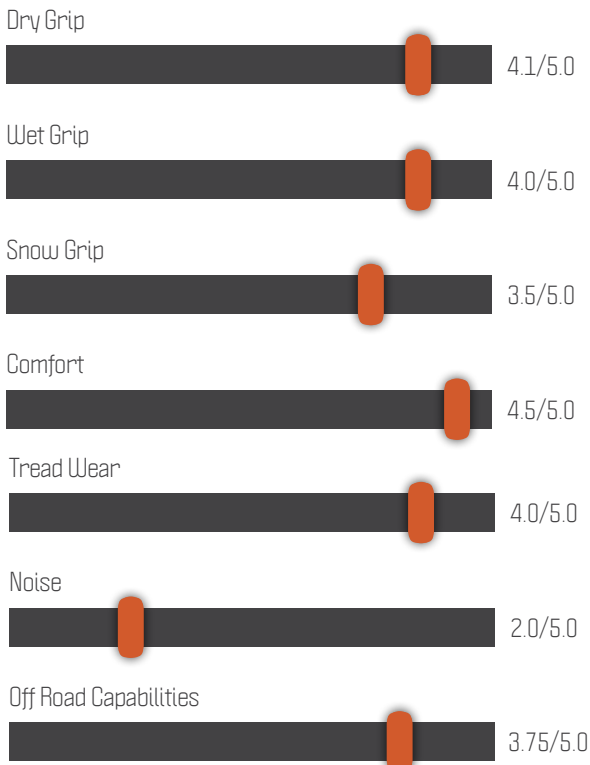

A/T

The Gripper A/T features a bold off-road look that instantly transforms any vehicle. The aggressive, high-void all-terrain tread features a stiff sidewall to help prevent punctures and bruises under the tread and in the sidewall. Built to improve stress distribution, tread life, and wear, the Gripper A/T is your go-to tire for the daily-driven off-road truck or SUV.

X/T

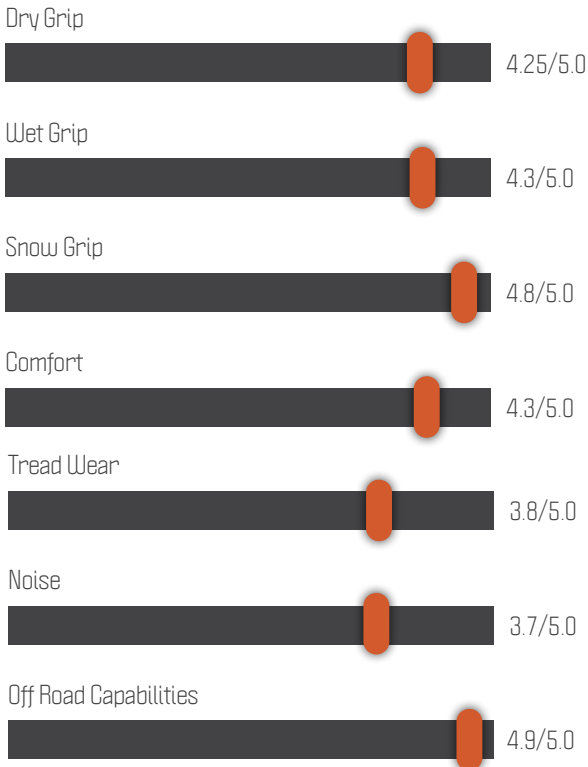

Fuel Off-Roads most extreme Gripper yet. The X/T will get you through the thick stuff and back through it again. And again. Aggressive lugs and an immense protruding sidewall design takes a bite out of terrain like no other, while still maintaining great traction and a shockingly quiet ride when asphalt is in your way.

2020

MOTO METAL

Moto Metal is loud and ultimately it stands united to defend its persona of eclectic rebellion in the face of society. Not for the mainstream...for the wild. Moto Metal wheels are the ultimate symbol of a culture of unapologetic individuals. Like their owners, they don't play by rules. They are the final piece of a machine built to challenge the norm - loud, and ready to drop jaws.

FORGED WHEELS / DUBWHEELS.COM

SPINNERS SKIRTS & STUNNERS

SKIRTS

Skirts, available only through DUB Wheels, feature exclusive technology that allows the face of the wheel to remain stationary as the wheel rolls. Skirts are available in 22" up to 34" diameters and in 12 unique designs. We can finish each wheel in almost any way you desire.

Available in the following sizes: 22x9.5 / 24x9.5 / 26x9.5 / 28x10 / 30x10 / 32x10 / 34x10

SPINNERS

DUB wheels is the exclusive source for today's spinning wheel designs. Spinners are available from 22" up to 34" diameters and in 50 unique designs. We can finish each wheel in almost any way you desire.

Available in the following sizes: 22x8.5 / 22x9.5 / 24x9.0 / 26x10 / 28x10 30x10 / 32x10 / 34x10

STUNNR STAGGERED

Whether you choose a Spinner or Skirt, all of our designs are available in staggered fitments, known as a "Stunr." Our Stunr's come in 24", 26" and 28" diameters with larger rear Lips depending on size.

Available in the following staggered sizes: 24x9.0 / 24x10 / 26x9.0 / 26x10 / 28x9.0 / 28x10

ACCESSORIES

THE NEW AERODISC FOR LAS-R & RSE CAST WHEELS.

Thread-on wheel fan for 19x8.5 BUC-M, LAS-R and RSE cast monoblock wheels only. Available in both gloss white and gloss black, the new Rotiform AeroDisc is an easy and exciting way to customize your vehicle. Download our free graphics packages, or run them as is for that vintage motorsport look. AeroDisc must be used with new Billet Hex fastener. Billet Hex is sold individually.

For use on threaded hexcap wheels like the blvd.

P/N 38060-35h

Dog ear bolt-on

Hub base bolts to the dog ear pattern on us mag wheels like the rambler and standard.

P/N 1003-63-06h

O-ring press in

Hub base adapts into the center cap opening on us mag wheels like the bandit and rambler.

P/N 1003-83-06h

ASSEMBLED TO SPEC. CAST CENTER 2-PC

OUR WELDED WHEELS ARE AVAILABLE IN ALMOST ANY SIZE AND CONFIGURATION THAT YOU COULD WANT.

We can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft Lip and traditional Lip for each style of U.S. MAGS cast center 2-PC wheels.

STEP 1 - FINISH

Choose any of the 2-PC welded designs from this page, and pick your final finish. Additional finish options can be found online: us-mags.com/gallery-wheel.cfm

STEP 2 - SIZE

Decide between traditional (step-lip) and soft (flat lip) spun forged rim in your sizes. Some sizes not available in both rim configurations, see listing under model for more information.

STEP 3 - OFFSET / BACKSPACE

From there, we can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves.

U.S. MAGS FORGED STYLES

VINTAGE FORGED

Forged centers specifically designed to accomidate taller hubs on vinatge carswelded or bolted into spun-forged or cast rims.

RESTO MOD

Forged O.E. recreations, each wheel features a billet center welded or bolted into spun-forged or cast rims.

TUCKIN'

Forged centers welded or bolted into spun-forged or cast rims.

PRO-TOURING

Modern forged styles for old school, pro-touring muscle cars. Forged centers welded into spun-forged or cast rims.

SUPREME CLASSICS

Supreme Classics combine classic smoothie steel wheel designs from the 40's and 50's with modern forged centers welded into spun-forged rims for a wide range of size, diameter and custom offset options. All styles are custom finished and accept O.E. Ford and GM center caps.

THE FORGED MONOBLOCK PRECISION SERIES

**custom
shop**

WE DID ALL THE MATH, YOU GET THE RIDE

We've taken the guesswork out of perfect fitment for your classic or lowered street truck. Tucked, tubbed, slammed and shaved it'll be a cakewalk for you to get that perfect fitment with the new Precision Series.

Each order is custom made to your vehicles bolt pattern, hub, and brake fitment specs. The Precision Series standard finish is full polish, specialty finishing is always available in-house with brushed, powder coat or liquid paint.

US Mags new Precision Series wheels are machined from a single 6061 T-6 aluminum alloy forging and available in: 20x8, 20x9.5, 20x10.5, 22x8.5, 22x10.5, 22x12, 24x9, 24x10, 26x9, 26x10.

STILL FOOSE DESIGN(ED) WHEELS

EACH WHEEL STARTS AS AN IDEA OF MASTER
BUILDER CHIP FOOSE. WE JUST MAKE THEM COME
TO LIFE.

ASSEMBLED TO SPEC. CAST CENTER 2-PC

Our welded wheels are available in almost any size and configuration that you could want. We can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves. The following charts show sizing available for both soft Lip and traditional Lip for each style of U.S. MAGS cast center 2-PC wheels.

F201 NITROUS
Hi-Luster Polish

Soft Lip & Traditional Lip shown

STEP 1 - FINISH

Choose any of the 2-PC welded designs from the next pages, and pick your final finish.

STEP 2 - SIZE

Decide between traditional (step-lip) and soft (flat lip) spun forged rim in your sizes. Some sizes not available in both rim configurations, see listing under model for more information.

STEP 3 - DETERMINE OFFSET / BACKSPACE

From there, we can accurately place your center into the rim at any chosen offset. We'll handle the robotic welding to ensure your wheels fit perfectly, giving you the custom look and finish your vehicle deserves.

The following charts show sizing available for both soft lip and traditional lip for each style of Foose cast center 2-PC wheels.

SIZE	SOFT LIP
17x7.0	F201
17x8.0	F201
17x9.0	F201

15x15	F201

FOOSE DESIGN WHEELS FORGED

VINTAGE FORGED

Forged centers specifically designed to accommodate taller hubs on vintage cars welded or bolted into spun-forged or cast rims.

RAT PACK

Foose Rat Pack wheels are 2 pc. forged mono.2 construction. The faces are machined from billet aluminum and are blind bolted from the backside onto spun forged inner barrels. The lip is painted white with a red strip, simulating the look of a white wall tire. High performance low profile tires can be used on larger diameters without losing the white wall appearance.

FORGING PROFILE OPTIONS

PICK THE RIGHT FORGING PROFILE FOR YOUR WHEEL TO MAXIMIZE FITMENT.

Depending on your needs we can tailor a center profile design that maximizes brake clearance, Lip size and offset. All we need is a few measurements or specs and we can give you the wheel you want in a fitment you want

VINTAGE BILLET, & RAT PACK ARE AVAILABLE IN:

SOFT IP: 17x7.0, 17x8.0, 17x9.0, 17x10, 18x7.0, 18x8.0, 18x9.0, 18x10, 18x11, 18x12, 18x15, 19x8.0, 19x9.0, 19x10, 19x11, 19x12, 20x8.5, 20x9.0, 20x10, 20x10.5, 20x11, 20x12, 20x14, 20x15, 22x8.5, 22x9.0, 22x10, 22x10.5, 22x12, 22x14, 24x9.0, 24x10, 24x12, 24x14, 24x15, 26x9.0, 26x10, 26x12, 26x14, 26x16, 28x10, 28x12

2-PC. BOLTED: 19x8.5, 19x9.5, 20x8.5, 20x9.0, 20x10, 22x9.0, 22x10.5, 24x9.0, 24x10, 26x9.0, 26x10, 28x9.0, 28x10, 30x10, 32x10

3-PC. BOLTED: 18"-34" (custom widths)

HD SERIES

HD Series wheels are milled from 6061 T-6 forged aluminum monoblock blanks. Each order is custom made to your truck or SUV's specifications. All U.S. MAGS forged wheels are available with or without an engraved Lip. Standard finish for all forged wheels is polished, custom finishing is also available. For additional options, see our website at us-mags.com

FLAT: 20x9.0, 20x10, 20x12, 20x14, 22x10, 22x12, 22x14, 22x16, 24x12, 24x14, 24x16, 26x12, 26x14, 26x16, 28x16, 30x16

STEP-LIP: 22x10, 22x12, 22x14, 24x10, 24x11, 24x12, 24x14

CONCAVE: 22x12, 22x14, 24x14, 24x16, 26x14, 26x16

DUALY: 20x8.25, 22x8.25, 24x8.25, 26x8.25, 28x8.25

STEERING WHEELS

custom shop

WE OFFER BRAND-NEW STEERING WHEELS FROM DUB, ROTIFORM AND U.S. MAGS. WE CAN CUT JUST ABOUT ANY DESIGN TO MATCH YOUR NEW WHEELS PERFECTLY. A LEATHER OUTER RING IS THEN BOLTED TO THE FORGED CNC'D CENTER. THESE ARE AVAILABLE IN STANDARD POLISHED, BRUSHED, OR CUSTOM FINISHED TO MATCH YOUR WHEELS.

STARTING FROM A DESIGN LIKE THE U.S. MAGS MILNER, WE CAREFULLY MODIFY THE DESIGN TO WORK AS A STEERING WHEEL WHILE RETAINING ITS ORIGINAL AESTHETIC. A HORN AND LOGO CENTER CAP IS INTEGRATED INTO THE WHEEL.

T/R/K

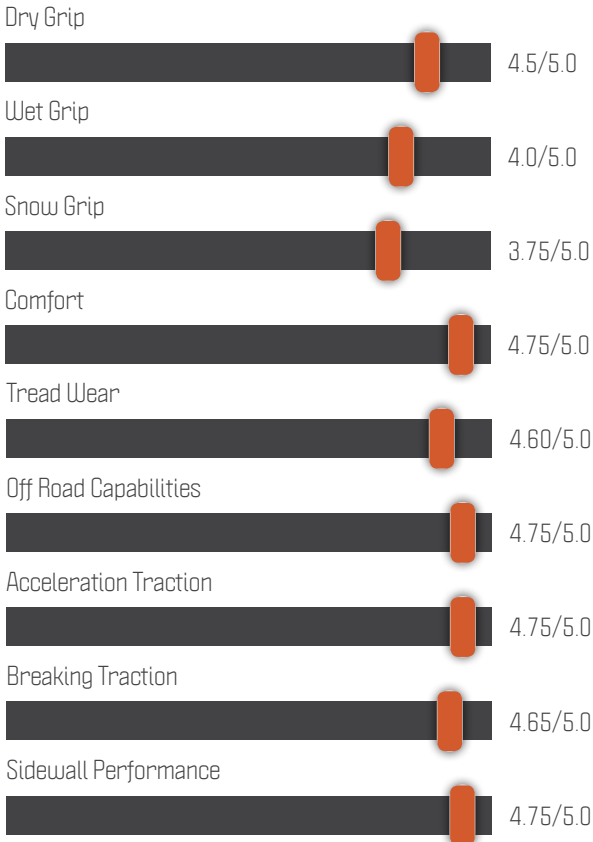

We have taken the experience and knowledge gained from putting our standard Gripper R/T through the grueling BITD Vegas to Reno, and improved our tire further with our newest Gripper T/R/K. By maintaining the 10-ply rating and lightweight casing, and adding our new proprietary reinforced fiber sidewall, we have taken our Gripper R/T to the next level. Whether it is cruising through the desert on the weekend or crushing the Baja 1000, our new Gripper T/R/K will take your UTV to the next level. For more information on our line of wheels, and tires visit fueloffroad.com/UTV

GRIPPER T/R/K PERFORMANCE SPECS

R/T RACE

Tested at the longest desert race in U.S. BITD Vegas to Reno, the 32" Gripper R/T tire performed flawlessly. Built with a 10-ply rating and our lightest casing yet at under 40lbs the tire features aggressive side lugs for added puncture resistance without sacrificing weight. Discover what more professionals and privateers are learning, that Fuel Off-Road has you covered. For more information on our line of wheels and tires visit fueloffroad.com/UTV

GRIPPER UTV PERFORMANCE SPECS

ALL TERRAIN

MOTOVATOR

The EFX MotoVATOR is at the forefront of UTV performance. Built to be ahead of the advancing machines available today and the evolution of the motorsport. The MotoVATOR is designed to withstand any beating or tough terrain you throw it's way. A strong layer of steel makes this tire nearly impregnable by even the nastiest of trails and obstacles. The tight tread pattern provides a large contact patch and promotes the smoothest ride on all terrains - match that with the aggressive sidewall lugs for the highest degree of performance handling and crawling on hard pack, loose silt, or jagged rock. The MotoVATOR is the ultimate, best of both worlds tire.

Features

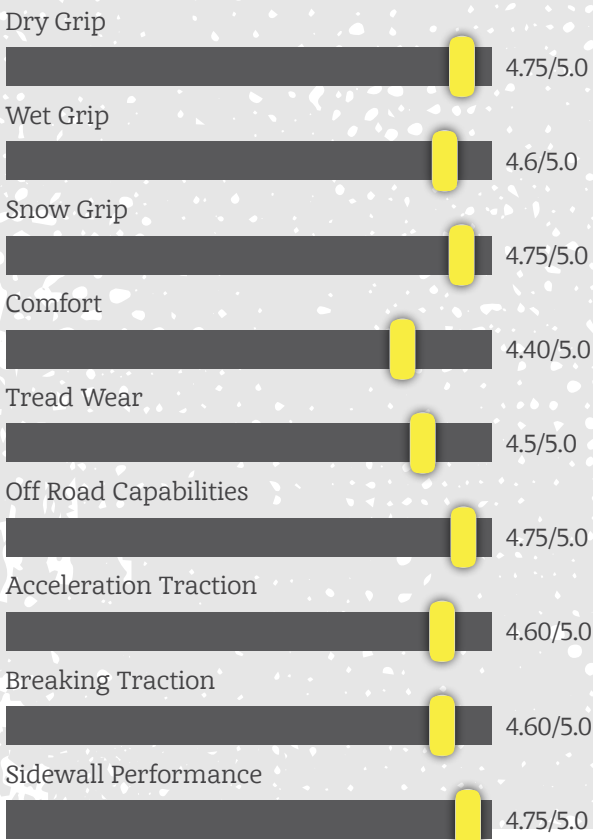

- Radial Technology, DOT Rated
- Deep Rim Protector
- Steel Belted Radial
- Aggressive Shoulder Lugs
- Tight Non-Directional Pattern

WITH EFX TIRES FROM WHEEL PROS POWERSPORTS

MUD TERRAIN

MOTOHAVOK

The EFX MotoHAVOK has brought revolution to the mud riding lifestyle. An instant and dramatic upgrade to any mudding enthusiast's ride with checkmark tread pattern to assist with digging and reverse traction. The MotoHAVOK also brings a flexible, but strong compound that helps get you out of any mudhole without putting too much stress on the supporting power components of your side by side or quad.

Features

- Rim Protector
- Check Mark Tread Design
- 6-Ply

WILDPEAK M/T

DESTINATION ANYWHERE

In the pursuit to build a race-winning and extreme condition capable off-road tire, Falken developed and tested the WILDPEAK M/T in some of the most punishing off-road competitions. Thousands of miles traveled through torturous terrain during its development helps to ensure the M/T can handle serious abuse and continue to deliver.

MAXIMUM OFF-ROAD TRACTION BUILT FOR THE TOUGHEST TERRAIN

The rugged WILDPEAK M/T is built to get you there and back whether you're on the pavement, mud, snow or rocks. The M/T features Falken's proprietary three-ply DURASPEC™ Sidewall Technology with two high ply turn-ups that provide an additional layer of protection and durability.

Available in:
26 tire sizes including popular LT fitments ranging from
30x9.50R15LT to 37x12.50R17LT

“DEALERLINE HELPS ME GET WHAT MY CUSTOMERS WANT FASTER, AND THAT MEANS REPEAT BUSINESS FOR US.”

Mike Gabstonka
Wheel Warehouse in Orange, CA.

WHY SIGN UP FOR DEALERLINE?
ORDERING WHEELS AND TIRES MADE EASY.

VIRTUAL STAFF
Virtual staff with dealerline. It's like adding a Wheel Pro's employee to your staff, saving time and money.

24/7 ONLINE ACCESS
Around the clock access to fitment information, inventory status and direct ordering.

CHECK INVENTORY
Check order history, with real time inventory information and track your shipments, 24-hours a day

ORDER PRODUCT
Order wheels and tires within the portal, giving you greater control of the buying experience.

PLACE ORDERS DIRECTLY THROUGH THE PORTAL
Process orders directly into Wheel Pro's system, no faxes to send, no phone calls to hold through.

SELL PRODUCT
Sell wheels and tires with greater confidence
